

**THE WHITE PINE COUNTY ADVISORY BOARD TO MANAGE  
WILDLIFE MET IN SPECIAL SESSION ON  
MAY 2, 2022 AT 6:00 PM AT THE WHITE PINE COUNTY LIBRARY.**

**Present:**

Mitchell McVicars (Board Chairman)  
Steve Marquez (Board Vice Chairman)  
Adam Ruesch (Via phone call)  
Ray Sawyer (Via phone call)  
Jake Rosevear

Kayla Couch (Board Secretary)

**Absent:**

**Visitors:**

Kody Menghini (NDOW)  
Adam Henriod (NDOW)  
Kenny Mull (NDOW)  
Samantha Fino (NDOW)  
Paul Podborny  
Thomas Brunson  
Chris Brunson  
Chas Hollingsworth  
Jon Almberg

**Called to order:**

Board Chairman McVicars called the Meeting order at 6:02pm

Pledge of Allegiance

**Public Comment Period:**

No public comment.

**\*Approval of Agenda:**

Kayla Couch noted, that the dates for the State commission meeting on the White Pine County CAB agenda should read Friday, May 6, 2022 and Saturday, May 7, 2022.

Board Chairman McVicars called for a motion to approve the agenda for the May 2, 2022 meeting.

*A motion to approve the agenda for May 2, 2022 meeting, with the correction of dates for the State Commission meeting on May 6 and 7, 2022 was made by Board member Marquez seconded by Board member Rosevear, motion passed with no opposition.*

**\*Approval of minutes:**

Board reviewed the March 21, 2022 special meeting minutes for approval. Board member Marquez, reported a spelling error on “Crutch” on item 16A. Correct spelling should be changed to “krich”.  
Board Chairman entertained a motion

*A motion to approve the minutes for the March 21, 2022 special meeting, with the correction of the spelling error in item 16A, was made by Board member Ruesch, seconded by Board member Rosevear, motion passed with no opposition.*

**\*Payment of Bills:**

Board was presented a bill for Kayla Couch, for secretary services for the May 2, 2022 meeting in the amount of \$150.00.  
Board Chairman McVicars entertained a motion

*A motion to approve the payment of bills to Kayla Couch was made by Board member Marquez, seconded by board member Sawyer, motion passed with no opposition.*

**\*Correspondence:**

Email- from White Pine County Clerk regarding changes to the liaison process.  
Email-from CAB secretary regarding final figures that were submitted for the 2023 fiscal year’s budget.

**Reports:**

**Commins Lake Project-**

Adam Henriod (NDOW) thanked the volunteers who help with the project.  
Chairman Mcvicars reported that they are working on the completion of power outlets and lighting for hosting events, near the handicap access. McVicars stated that he would like to have rocks placed around the shade structures for protection against damage from RVs. McVicars stated he will be looking to recruit volunteers for the removal of straw waddles.

**Cave Lake Project-**

No new updates.

**Archery Barn/Trap Building-**

Chairman McVicars reported that the archery barn and trap building received a grant for \$200,000.00 to update the facility, along with a \$12,000.00 grant from Tour and Rec. for new targets. McVicars stated that the updates would include restrooms, utility room and storage room.

**Commission Agenda items:**

7. **Appeal- Mr. James Collard-Sub Guide Denial-Senior Deputy Attorney General Craig Burkett-For Possible Action.**

**Board discussion:** None.

**Public comment:** None.

- 8A.\* **Commission Policy 3 – Appeals – First Reading – APRP Committee Chairman David McNinch – For Possible Action**

**Board discussion:** None.

**Public comment:** None.

**8B.\* Commission Policy 4 – Petition Process and Adoption of Regulations – First Reading – APRP Committee Chairman David McNinch – For Possible Action**

**Board discussion:** None.

**Public comment:** None.

**8C.\* Commission Policy 21 – Game and Furbearer Management Plans – First Reading – APRP Committee Chairman David McNinch – For Possible Action**

**Board discussion:** None.

**Public comment:** None.

**8D.\* Commission Policy 22 – Introduction, Transplanting, and Exportation of Wildlife – First Reading – APRP Committee Chairman David McNinch – For Possible Action**

**Board discussion:** None.

**Public comment:** None.

**8E.\* Commission Policy 25 – Wildlife Damage Management – First Reading – APRP Committee Chairman David McNinch – For Possible Action**

**Board discussion:** None.

**Public comment:** None.

**8F.\* Commission Policy 26 – Managing Rocky Mountain Elk Population– First Reading – APRP Committee Chairman David McNinch – For Possible Action**

**Board discussion:** None.

**Public comment:** None.

**8G.\* Commission Policy 27 – Protection of Wildlife – First Reading – APRP Committee Chairman David McNinch – For Possible Action**

**Board discussion:** None.

**Public comment:** None.

**8H.\* Commission Policy 28 – Transparency on Quota Setting – First Reading – APRP Committee Chairman David McNinch – For Possible Action**

**Board discussion:** None.

**Public comment:** None.

**8I.\* Commission Policy 29 – Elk Arbitration – First Reading – APRP Committee Chairman David McNinch – For Possible Action**

**Board discussion:** None.

**Public comment:** None.

**8J.\* Commission Policy 40 – Statewide Boating Safety – Second Reading – APRP Committee Chairman David McNinch – For Possible Action**

**Board discussion:** None.

**Public comment:** None.

**8K.\* Commission Policy 51 – Wayne E. Kirch Conservation Award – First Reading – APRP Committee Chairman David McNinch – For Possible Action**

**Board discussion:** None.

**Public comment:** None.

**8L.\* Commission Policy 63 – Protecting Wildlife from Toxic Ponds – Third Reading – APRP Committee Chairman David McNinch – For Possible Action**

**Board discussion:** None.

**Public comment:** None.

**9. Final Fiscal Year 2023 Predation Management Plan-Wildlife Staff Specialist Pat Jackson-For Possible Action**

**Board discussion:** None.

**Public comment:** None.

**16A.\* Commission General Regulation 501, NAC 502.385, Tag Transfer – Management Analyst Megan Manfredi – For Possible Action**

**Board discussion:** Kody Menghini (NDOW) reported that a designated beneficiary should be listed for the process. Board member Rosevear stated that death certificates could take at least 30 days to receive.

**Public comment:** None.

*A motion to support Commission General Regulation 501, NAC 502.385 Tag Transfer was made by Board member Marques. The motion was seconded by Board member Rosevear and the motion carried with no opposition.*

**16B.\* Commission General Regulation 505, NAC 502.4215, First Come First Served Prevention of Unfair Advantages – Management Analyst Megan Manfredi – For Possible Action**

**Board discussion:** Board member Rosevear questioned what the unfair advantages included. Kody Menghini responded that there were concerns of multiple accounts being used per individual to obtain an advantage to receive a returned tag. Board member Sawyer stated he recommends adding, tags must be returned within 14 days of the hunt, to the policy.

**Public comment:** None.

*A motion to support Commission General Regulation 505, NAC 502.4215, First Come First Served Prevention of Unfair Advantages, as written was made by Board member Sawyer. The motion was seconded by Board member Ruesch and the motion carried with no opposition.*

**16C.\* Commission General Regulation 507, LCB File No. R045-22 - Petition Process – Management Analyst Kailey Musso – For Possible Action**

**Board discussion:** None.

**Public comment:** None.

*A motion to support Commission General Regulation 507, LCB File No. R045-22 –Petition Process, as written was made by Board member Marques. The motion was seconded by Board member Sawyer and the motion carried with no opposition.*

**17A.\* Commission Regulation 22-11, Big Game Quotas for the 2022-2023 Season – Wildlife Staff Specialists Mike Cox, Cody Schroeder, and Cody McKee – For Possible Action**

**Resident Antelope - Horns longer than ears Any Legal Weapon Hunt 2151**

**Nonresident Antelope - Horns longer than ears Any Legal Weapon Hunt 2251**

**Resident Antelope - Horns longer than ears Muzzleloader Hunt 2171**

**Nonresident Antelope - Horns longer than ears Muzzleloader Hunt 2271**

**Resident Antelope - Horns longer than ears Archery Hunt 2161**

**Nonresident Antelope - Horns longer than ears Archery Hunt 2261**

**Resident Antelope - Horns shorter than ears Any Legal Weapon Hunt 2181**

**Board discussion:** Chairman McVicars questioned the department, on the reasoning for giving out doe tags if herd populations are still suffering. Kody Menghini explained that the antelope herds are not impacted all over Nevada, only the regions most effected by drought. Menghini discussed that areas of Nevada where the antelope populations are thriving will like have the increase in quotas for doe. Board member Marquez pointed out the quota increase in units 141-143. Menghini stated the antelope are doing well in that region and believes the resources available to them, such as alfalfa fields benefit species. Board member Rosevear stated he was glad to see the quota numbers decrease in unit 115.

**Public comment:** Paul Podborny asked what the recommended quota for doe is in unit 131. Samantha Fino (NDOW) responded that the recommended quota is 2 tags. Fino explained that the numbers have drastically declined over the past couple of years, due to drought and poor recruitment. Fino reported that during this year's survey, she only reported 9 total fawns for both units 131 and 132. Fino stated that there is potential to cut the hunt in those units, if populations can't recover in the future. Kody Menghini stated that there is a potential need in Noark Valley range for agricultural issues and concerns suggested movement of herds into Jake's Valley that would need to be prevented. Paul Podborny asked if the commission did away with compensation tags. Menghini responded that not all land owner's appealed by the landowner tags but the commission has done depredation type hunts in the past. Menghini stated there is a possibility of eliminating the hunt in the future or it possible maybe an agricultural issue. Thomas Brunson commented on the ratio of the non-resident tags being in 30%-40% range (more so under mule deer). Menghini responded that state wide it is closer to a 90/10 split between residents and non-residents. Menghini predicts some hunts being closed off to non-residents next year and that the season setting around January/February will be the time frame of discussion for the topic. Brunson asked what the reasoning was for quotas of 2 vs. 1 tags is for the non-residents. Fino believed it pertained to party applicants. Podborny stated that it didn't make sense to cater to party tags if herd populations are down.

*A motion to support the recommendations for Commission General Regulation 22-11, Big Game Quotas for 2022-2023 Seasons, for hunts 2151, 2251, 2171, 2271, 2161, 2261 and 2181 as written was made by Board member Marques. The motion was seconded by Board member Rosevear and the motion carried with no opposition.*

### **Resident Elk - Antlered Any Legal Weapon Depredation Hunt 4102**

**Board discussion:** Chairman McVicars asked how many bulls were harvested the previous year. Kody Menghini responded that the success rate was 78% last year on all hunts with an average of 6 points or better. Menghini reported that 18 out of 23 people hunted the depredation last year.

**Public comment:** Kody Menghini stated that the commission was opposed to a point restriction with having limited ability to make the change. Board member Sawyer responded to Menghini's comment by stating that he would have like to have seen the topic postponed as the CAB was not expediting the action.

*A motion to support the recommendations for Commission General Regulation 22-11, Big Game Quotas for 2022-2023 Seasons, for hunt 4102, as written was made by Board member Ruesch. The motion was seconded by Board member Rosevear and the motion carried with no opposition.*

### **Resident Elk - Antlered Any Legal Weapon Hunt 4151**

### **Nonresident Elk - Antlered Any Legal Weapon Hunt 4251**

### **Resident Elk - Antlered Muzzleloader Hunt 4156**

### **Nonresident Elk - Antlered Muzzleloader Hunt 4256**

### **Resident Elk - Antlered Archery Hunt 4161**

### **Nonresident Elk - Antlered Archery Hunt 4261**

**Board discussion:** Board member Sawyer stated that in unit 121, he would propose moving 5 tags from the rifle hunts and move them to the muzzleloader hunts. Sawyer stated that he feels the numbers are high in unit 111 and would like to decrease the rifle early hunt by 10 and late hunt by 20 and reallocating tags to muzzleloader season. Sawyer voiced concerns with unit 111 and being able to maintain population with the recommended quotas. Sawyer's opinion included a noticeable decline in that unit and feels the management plan is not being executed as anticipated. Sawyer stated that his proposal for unit 111 would be 70 tags for early, 70 tags for late and 20 tags for muzzleloader. Sawyer proposed in units 221-223 decreasing the numbers as well and feels that 80 for the late season is high. Samantha Fino stated that many of the areas discussed are experiencing exceptional drought, allowing competition amongst the herds meaning lower quality, quantity and resources. Sawyer voiced concerns with quality bulls, if harvesting numbers continue to be taken from the bottom (spike elk) and the top (trophy bulls) and predicts White Pine County, being an average hunt; similar to Colorado. Board member Ruesch questioned if allocating 5 tags to the archery hunt would be an options or impact the success rate of recommended quotas.

**Public comment:** Thomas Brunson asked about the increase of quotas in units 111 and 221 and suggested moving a portion to muzzleloader to elevate pressure off the rifle season. Kody Menghini reported that over all calf ratios were down from last year, spike harvest for the first year were higher than most other areas of the state, and that the bull harvest has been where anticipated. Thomas Brunson stated concerns with the age class in units 111 and 221 and questioned if there was correlation between main beam and age. Menghini stated that generally 7 year old bulls will mature a 50 inch main beam. Samantha Fino stated that quotas are recommended to obtain the commission's objective for the wildlife management plan to manage populations. Fino also stated that in order see a lower quota figures, there would need to be an increase of numbers in the management plan and that the commission is abiding by the objectives within the plan. Menghini explained that quotas for units may seem higher than last year, but figures have been allocated under a different hunt. Brunson responded that he has concerns with reallocating muzzleloader tags to riffle tags congests the hunts in certain units. Menghini reported that data shows that the demand is at the "any legal weapon" hunts, but explained that the success rate of all 3 weapon hunts are where expected.

*A motion to support the recommendations for Commission General Regulation 22-11, Big Game Quotas for 2022-2023 Seasons, with the recommended changes to hunt 4151, units 104,108 and 121, by changing the early hunt tags to 40, late hunt tags to 40. units 111-115 early hunt tags to 70 and late hunt tags to 70, units 221-223 early hunt tags to 60 and late hunt tags to 60; hunt 4156, units 104,108 and 121 to 18 tags, units 111-115 to 20 tags and units 221-223 to 16 tags with the commission's recommendation to adjust non-resident hunts 4251 and 4256 accordingly; was made by Board member Sawyer. The motion was seconded by Board member Rosevear and the motion carried with no opposition.*

**Resident Elk - Spike Any Legal Weapon Hunt 4651**

**Resident Elk - Antlerless Any Legal Weapon Hunt 4181**

**Resident Elk - Antlerless Wilderness Only - Any Legal Weapon Hunt 4181**

**Nonresident Elk - Antlerless Any Legal Weapon Hunt 4281**

**Resident Elk - Antlerless Muzzleloader Hunt 4176**

**Nonresident Elk -Antlerless Muzzleloader Hunt 4276**

**Resident Elk - Antlerless Archery Hunt 4111**

**Nonresident Elk - Antlerless Archery Hunt 4211**

**Resident Elk - Antlerless Any Legal Weapon Depredation Hunt 4107**

**Board discussion:** Board member Sawyer suggested, when appropriate changing the definition of a “spike”. Sawyer stated that harvesting 4 point bulls is occurring more frequently during this hunt, and defeats the purpose. Chairman McVicars questioned when to address the topic of changing the “spike” definition. Kody Menghini responded that the topic can be petitioned under commission agenda item 8. Menghini recommended adding the topic along with the youth doe hunt concerns to the CAB’s agenda for next month for discussion, for the possibility of effect in next year’s seasons. Chairman McVicars stated that he in support of the recommended changes for the depredation hunt, in regards to the Baker and Granite Peak ranches. Menghini reported that the state had paid out \$64,000.00 in damages between the two ranches and hopes the depredation will meet the objective for the management in those areas.

**Public comment:** Kody Menghini reported that most of the quotas have gone down, due to the lack of calve improvement shown in the survey data. Menghini stated that harvest rate has been successful and feels means for issuing more tags in not necessary.

*A motion to support the recommendations for Commission General Regulation 22-11, Big Game Quotas for 2022-2023 Seasons, for hunt 4651, 4181, 4181 wilderness, 4281, 4176, 4276, 4111, 4211, and 4107 as written was made by Board member Marquez. The motion was seconded by Board member Ruesch and the motion carried with no opposition.*

**Resident Nelson (Desert) Bighorn Sheep Any Ram - Any Legal Weapon Hunt 3151**

**Nonresident Nelson (Desert) Bighorn Sheep Any Ram - Any Legal Weapon Hunt 3251**

**Resident Nelson (Desert) Bighorn Sheep Any Ram - Archery Hunt 3161**

**Resident Nelson (Desert) Bighorn Sheep Management Ram - One Horn\* - Any Legal Weapon Hunt 3171**

**Resident Nelson (Desert) Bighorn Sheep Any Ewe - Any Legal Weapon Hunt 3181**

**Nonresident Nelson (Desert) Bighorn Sheep Any Ewe - Any Legal Weapon Hunt 3281**

**Resident California Bighorn Sheep Any Ram - Any Legal Weapon Hunt 8151**

**Nonresident California Bighorn Sheep Any Ram - Any Legal Weapon Hunt 8251**

**Resident Rocky Mountain Bighorn Sheep Any Ram - Any Legal Weapon Hunt 9151**

**Resident Mountain Goat Any Goat - Any Legal Weapon Hunt 7151**

**Board discussion:** Board member Sawyer stated he was surprised to see low quotas for the one horn sheep hunt, and recalled one horn sheep reported during hunts from last year. Kody Menghini responded that the commission does not have enough data on one horn sheep to base an increase of tags issued for the hunt. Menghini stated that commission plans to keep better track during surveys on the one horn sheep population and would like to ease into the quotas this season. Board member Sawyer noted that mountain goat quota had increased significantly. Menghini reported the survey showed and record high in the last 3 years, with improvements to the herd. Menghini stated that the tags were carried over from the year before due to the lack of harvest success. Chairman McVicars agreed with Thomas Brunsons concerns for units 131, 132 and 164 and would support reducing the tag quota for those units. Samantha Fino responded by adding that those units are surveyed every other year and hard to determine what is being represented in 131, 132, and 164. Fino reported that there has been issues with domestic sheep in unit 131, which have an impact on the herds with diseases. Board member Rosevear asked what the success rate was for units 131, 132 and 164. Menghini reported that the success rate was 100% last year in all units. Fino reported the rams harvested in those units ranged from ages 5-7 years of age. Chairman McVicars asked if the units near Mt. Wheeler could support the 2 tag quota. Menghini responded that the observations and data show that area can sustain the recommended quota.

**Public comment:** Thomas Brunson asked about units 131, 132, and 164, and if there was enough population of sheep to sustain the 4 tags proposed. Samantha Fino responded that in units 131 and 164 the survey data showed around 19 head, with ½ of them being rams. Brunson asked Fino the age class of the rams. Fino responded that ½ the rams were mature and ½ were younger. Fino also reported that unit 132 was included in 131 and 164 and that 132 has about 12 rams, with 7 of 12 being mature rams. Brunson stated that 4 tags seems like a high amount for those units. Fino stated the data model output 7 tags and the commission recommend 4 tags. Brunson asked the commission if surveys have been done in unit 221. Kody Menghini responded that main focus is mule deer for survey data, but has come across 3 rams in doing so. Menghini stated the terrain is too difficult to survey sheep accurately, in that unit.

*A motion to support the recommendations for Commission General Regulation 22-11, Big Game Quotas for 2022-2023 Seasons, for hunts 3251, 3161, 3171, 3181, 3281, 8151, 8251, 9151, and 7151 as written with the exception of hunt 3151, by reducing the quota to 3 tags in units 131, 132 and 164 was made by Board member McVicars. The motion was seconded by Board member Rosevear and the motion carried with no opposition.*

**Resident Junior Mule Deer - Antlered -/ Antlerless - Archery, Muzzleloader, or Any Legal Weapon Hunt 1107**

**Resident Mule Deer - Antlerless Any Legal Weapon Hunt 1181**

**Resident Mule Deer - Antlered Any Legal Weapon Hunt 1331**

**Nonresident Mule Deer - Antlered Any Legal Weapon Hunt 1332**

**Resident Mule Deer - Antlered Muzzleloader Hunt Resident 1371**

**Nonresident Mule Deer - Antlered Muzzleloader Hunt 1372**

**Resident Mule Deer - Antlered Archery Hunt 1341**

**Nonresident Mule Deer - Antlered Archery Hunt 1342**

**Board discussion:** Chairman McVicars noted the increase in quotas in units 061, 062,064, 066-068 along with units 101-109. Menghini responded that in units 101-109 the deer population has increased in the last 2 years and the harvest success rate has been down. Board member Sawyer questioned the commission's recommendation of 15 tags for non-resident vs. the form Kody Menghini recommending 30 tags for non-resident for units 111-113. Menghini responded that there was an error on his form and that 15 tags is the correct number. Sawyer stated his concerns with the high quotas for units 221-223, especially among the youth tags and late tags. Sawyers also stated that he believes the number of tag quotas in units 111-113 are too high and recommends cutting the quotas by 1/3 of what is recommended for those units. Board member Ruesch noted the increase in youth tags for units 101-109. Menghini responded by stating the spring fawn ratios have increased based on survey data bring fawn population up to around 35. Menghini restated that the unit's success rate has been poor and believes this is the justification for the increase of quotas for hunts across the board in units 101-109. Chairman McVicars stated that he was glad to see the quotas decrease in area 13 as it has been a discussion multiple times on the population hardship and wished they would have started the process of low quotas sooner. Samantha Fino responding that adding a fall survey to monitor the population will allow the commission to observe the area a little better. Fino reported that fawn to doe ratio for area 13 was low and the resource and drought conditions play apart in the decrease in population but is not 100% sure what is causing the population to drop so low. Menghini stated that although the cuts are necessary, biologically antlered tag cuts are not going to increase population. Board member Rosevear asked if it was possible to conserve on quotas, in the case that the drought doesn't go away and get ahead of the curve. Menghini stated that in his observations, cutting tags has helped achieve the objective in other units. Rosevear stated that he would like to see the quality and age class of bucks increase. By Rosevear's observation he has notice the amount of 4 point bucks or better declining each year and would suggest conserving in the quality of bucks. Board member Ruesch asked what the buck to doe ratio is in units 101-109 and noted that 100 does are targeted with an overall increase in tags for those units being over 1000. Menghini explained that the model shows 36 bucks and commission recommends 30. Menghini stated that there is an increase in tags but it will be a few years before the commission reaches their objective of 30 bucks to doe ratio in the management plan.

**Public comment:** Thomas Brunson stated he was also surprised in the increased quotas for units 101-109, adding his observation of moisture in the area remaining the same as similar areas. Brunson also voiced his concerns with the quotas for in units 221-223, non-resident vs residents and feels the quotas are high.

*A motion to support the recommendations for Commission General Regulation 22-11, Big Game Quotas for 2022-2023 Seasons, for hunts 1181 1371, 1372, 1341 and 1342 as written, with recommended changes to hunt 1331, units 111-113 by changing the early hunt tags to 200, and late hunt tags to 20. Allowing the commission's recommendation to adjust hunts 1107 and 1332 accordingly; was made by Board member Sawyer. The motion was seconded by Board member Marquez and the motion carried with no opposition.*

**17B.\* Commission Regulation 22-09, Amendment #1, 2022 Black Bear Quotas and Harvest Limits – Wildlife Staff Specialist Pat Jackson – For Possible Action**

Board discussion: Kody Menghini (NDOW) reported an influx of the black bear population, due to the California wild fires last year.

Public comment: None.

*A motion to support Commission Regulation 22-09, Amendment #1, 2022 Black Bear Quotas and Harvest Limits, as written was made by Board member Marques. The motion was seconded by Board member Rosevear and the motion carried with no opposition.*

*Next Commission meeting* scheduled for May 6th-7th, 2022 the location of the meeting is subject to change due to direction of the Governor during the COVID-19 pandemic. The Commission may change the time and meeting location at this time. The chairwoman may designate and adjust committee assignments and add or dissolve committees, as necessary at this time. Any anticipated committee meetings that may occur prior to the next Commission meeting may be discussed.

*A motion to approve travel and expenses for Board member Marquez to attend the State Commission meeting, on the dates of May 6th and 7th, 2022 in Reno, Nevada, was made by Board member Sawyer, seconded by board member Rosevear. Motion passed, no opposition.*

Board discussed having the next advisory meeting on Monday, June 20, 2022 at 6pm at the White Pine County Library. Board member Marquez suggested adding the discussion of youth doe hunts and the definition of “spike elk” to the next CAB agenda.

Board Chairman McVicars entertained a motion.

*A motion to accept the next meeting date of Monday June 20th, 2022 at 6pm at the White Pine County Library with the discussions of youth doe hunts and “spike elk” definition added to the CAB agenda, was made by Board member Marquez, seconded by Board member Rosevear. Motion passed, no opposition.*

Public comment: No public comment.

Board Chairman McVicars entertained a motion to adjourn the meeting at 8:20pm

*A motion to adjourn the White Pine County Wildlife Advisory meeting on May 2, 2021 was made by Board member Rosevear seconded by Board member Marquez. Motion passed with no opposition.*

Meeting was adjourned at 8:20pm
