Sheriff Henroid stated that they have been issuing citation to people for the way people are parking and for vehicles that are not licensed. It was asked why they have not been moved after being cited over a month ago. He stated that he will check on it to see why. Peggy Soder asked when the vehicles parked in the yellow building are going to get moved. Sheriff Henriod stated he talked to the person that is over the property now and he stated he would like to see them oved also so they will start moving them lately. Peggy Soder stated she lives right by it and the only time the lady is there is at night. It was brought up about the burned out building on Main Street. District Attorney James Beecher stated that the county is still working on it but until they get a building inspector there is not much that can be done by law. He was questioned by Ward Winters on the legal things that need to be done in Ruth. He also said kids have been playing in buildings and they may end up burning the buildings down. No police report has been made to there isn't much that can done without telling the police. Mary Sorenson asked about the building next to the old car wash that is falling apart to they stated that they can do abatement on it.

Carried Over:

Tri-County Weed Control: Report on what they have done this year and the cost.
